

PLUS LEVELLING FLEECE

May 2017

Dulux Trade Plus Levelling Fleece is part 2 of the 3 part **Dulux Trade Plus ThermaCoat+** system, it is a high quality fibre-glass fleece that will help smooth the substrate. The **Dulux Trade Plus Levelling Fleece** has been designed to enable thick layers to be easily levelled making it perfect for use over **Dulux Trade Plus ThermaCoat+**. **Dulux Trade Plus Levelling Fleece** must be over-coated with **Dulux Trade Plus Smooth & Protect+** and then finished with any suitable **Dulux Trade** interior emulsion.

KEY BENEFITS

- Part 2 of the 3 part **Dulux Trade Plus ThermaCoat+** system
- **Dulux Trade Plus Levelling Fleece** enables a smooth, flat 5mm layer of **Dulux Trade Plus ThermaCoat+** to be applied in just one coat.

PRODUCT INFORMATION

Typical Use

- Designed for application over **Dulux Trade Plus ThermaCoat+**
- Apply by gently pushing onto the **Dulux Trade Plus ThermaCoat+** coating. Then use the **Dulux Trade Plus Levelling Tool** to gently distribute the coating, spreading an even layer across the substrate.

Pack Size

25m roll
